

ISSUES COVERED

Evaluating companies is fast and easy with EIRIS International Workstation.

Research data is provided by EIRIS, the leading global provider of independent research into the social, environmental and ethical performance of companies.

Approximately 1,300 international companies are covered.

The EIRIS International Workstation product provides company ratings based on the issues you select. Narrative coverage that provides details on company performance in each of the issue categories is included as a powerful supplement to the company ratings.

The following issues are available:
